Yale

Trusted every day

Since 1840

w.e.f : February, 2026

Yale is trusted by millions of people every day to keep what's important to them safe.

Our innovations have protected their homes, families and belongings for over 185 years. We have expanded from being a leader in mechanical lock engineering to innovating connected smart locks and homes. Because we always make every effort to push the boundaries in a changing world.

We were there for your grandparents (and probably theirs) and we'll be there for your children.

Today, and every day to come.

The Yale Home app functionalities

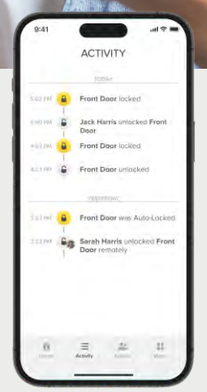

App control

Lock and unlock your door from your app, anywhere in the world.

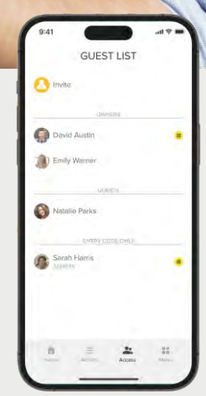

DoorSense™ technology

The lock will check the status of the door and tell you if your door is securely closed and locked.

Activity monitoring

See who comes and when with the Activity Feed. Check who unlocked the door and if or when it was actually opened. Set-up alerts to notify when specific people arrive home.

Guest access

Grant unlimited virtual keys valid for a few weeks, a few hours, or a few minutes. Never worry about lost or stolen keys again.

Smart together

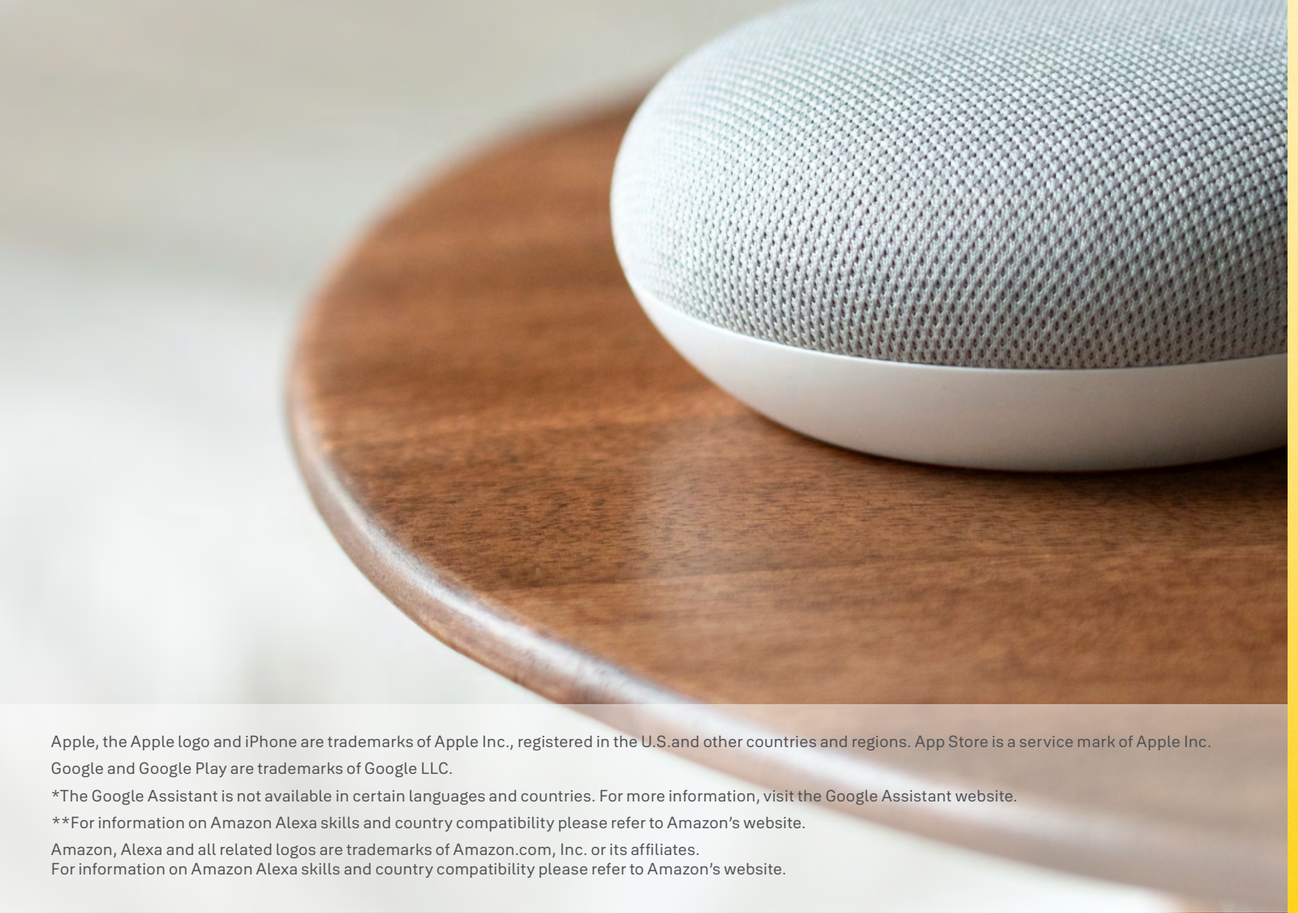

Connect your Smart Lock with leading smart home systems, voice assistants and holiday rental platforms for effortless lock control and access management.

Padlocks

Iron Disc Padlocks

- Iron construction
- Disc type locking mechanism makes it harder to pick.
- Tested to EN12320, simulating forms of attack such as cutting, pulling and twisting of shackle
- Durable lock tested to 10,000 cycles (opening & closing) for optimum performance.
- Tested up to 240 hours for corrosion resistance to ensure protection against weather conditions
- Key retaining - key stays in the lock when it is opened and can only be removed when the padlock is locked.
