Yale

The next generation of keyless convenience.

Introducing the Linus® Smart Lock L2 Lite - an easy way to upgrade your home with seamless keyless access. Say goodbye to the hassle of keys.

Introducing KeySense™ – a simple press, locks or unlocks your door from the inside, while a long press will lock it with a customisable delay.

Unlock your door with a tap on the Yale Home app or go completely hands-free with Auto-Unlock as you approach. Need to share access? Grant digital keys to family and friends instantly. Stay in control with the Activity Feed*, tracking who comes and when in real time.

KeySense™
Simply press the button to easily lock or unlock your door from the inside.

Auto-unlock
Your door unlocks automatically when you're nearby.

Sharing digital keys
Share access with family and friends and see when they've arrived or left through the Yale Home app.

- **Remote control*:** Lock or unlock your door from anywhere using the Yale Home app.

- **Scheduled locking**:** Set your door to automatically lock or unlock at a specific time.

- **Lock status*:** Check if your door is locked or unlocked from the app.

- **Wider access options:** Lock or unlock your door using accessories such as the Yale Dot® and Yale Smart Keypad 2 – Fingerprint, your favourite voice assistants, your Apple Watch, features such as auto (un)lock, or a mechanical key in case of an emergency.

Trusted every day

*Yale ConnectX Wi-Fi Bridge required for remote control functionality.
** Yale ConnectX Wi-Fi Bridge required for scheduled locking.
