## Yale Luna Elite +

Step into smarter living with the Yale Luna Elite+ – a premium smart lock built for both protection and convenience. With FaceScan and PalmScan technology, unlocking your door is as easy as a glance or a wave of your palm—fast, secure, and completely keyless.

Beyond unlocking, Yale Luna Elite+ is packed with intelligent features. With built-in Wi-Fi and Bluetooth, you can manage your door anytime, anywhere—whether it's remote access, real-time monitoring, or seamless smart home integration. The dual-battery system keeps your lock running without interruption, while Yale Sentry Guard sends instant alerts and video if someone lingers at your door. A 4.7-inch touchscreen, live video streaming, welcome light, and even a built-in doorbell bring together security and style in one smart solution.

## **Yale Luna Series**

Yale Luna Pro+ now enhanced with PalmScan, this lock uses cutting-edge vein recognition technology that scans beneath your skin, ensuring fast, ultra-secure unlocking even with wet, dry, or dirty hands. Just hover your palm near the sensor—no touch, no fuss.

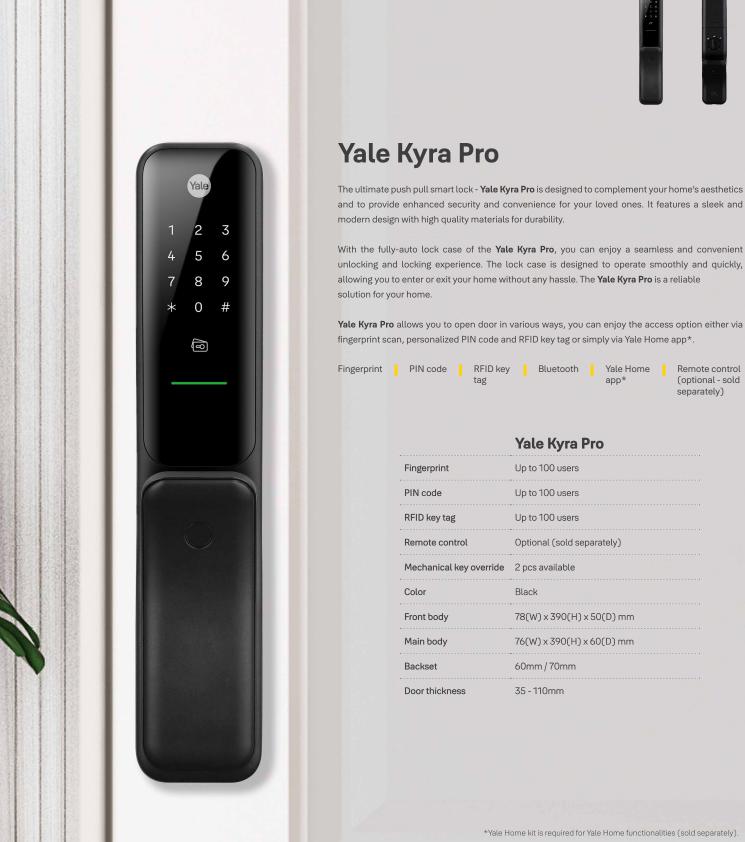

With BLE now built into the lock body, there's no need for a plug-in module—giving you a cleaner look and smoother app pairing experience via the Yale Home App for monitoring and management.

The newly added doorbell and welcome light improve everyday convenience while enhancing your front door's visibility and security. Together with Yale's trusted locking mechanism and durable design, **Yale Luna Pro+** now delivers a smarter, safer experience—inside and out.

## **YDM7116A**

YDM7116A comes in two elegant colours - Champagne Gold and Bronze Red - and with a progressive fingerprint scanner as well as a number padlock. If you have a door which opens on either side, the smart lock can be customised to serve different purposes. YDM7116A also has a pinbutton built into the door handle, which prevents kids from easily opening the door.

Controlling door access is as simple as giving the "lock/unlock" commands and other instructions from your smartphone via the Yale Home app.

## YDG413A

**YDG413A** in simply elegant mirrored finish provides keyless access for glass doors and has access solutions like PIN code and fingerprint. Convenience wise, it's much easier to enter a passcode or use your fingerprint to enter the glass door, rather than using a key card. Plus, with a smart lock, you can lock the door remotely – especially when you're dealing with sensitive data in your office room and think you should prevent theft and other forms of trespassing.

| Key system     | Key override function (2 pcs available) |
| Battery        | 4 x AA size                             |

### **Key Features**

Laser cut door for protection against break-ins

Store up to 25 pin code

Automatic lock down for 5 minutes after five incorrect attempts

Internal light for contents to be easily seen

Include keyhooks and removable shelf

Emergency charging with 9V battery for quick access

Access your safe remotely at anytime\*

\* Yale Connect Plus Hub 2 is required & sold seperately
